

STATEMENT OF PURPOSE - FOR YOUR INFORMATION - PLEASE KEEP

I, Dr. Raphael d'Angelo, am offering to provide research on bodily substances for the presence of parasites to individuals who become members of my private member association and who contract with me for this purpose. I consider each member to be voluntary Research Associate and to receive a full disclosure of the results of this research either directly and/or through another person (such as a doctor or practitioner) you designate.

My qualifications for conducting this research are as follows: medical doctor since 1976; medical technologist since 1966 with special training in microbiology and parasitology; 3 years training in clinical and surgical pathology; naturopathic training under the auspices of the American Holistic Medical Association; memberships in the American Society of Parasitology; the American Society for Tropical Medicine and Hygiene; American Society for Microbiology; Medicine Man member of the Nemenhah Native American Traditional Organization.

My right to offer my professional services that may or may not be approved by established medical guidelines on behalf of those persons who contract for my research services is protected by my Declaration of Ninth Amendment Rights previously filed with the Colorado Secretary of State; by the Native American Free Exercise of Religion Act passed by Congress and signed into law in 1993; and by the establishment of my Private Member Association that protects us by virtue of the 1st and 14th Amendments and multiple affirmative rulings of the US Supreme Court.

The practice of my profession includes conducting medical research, sharing results with members and their designated doctors and practitioners, recommending ways and methods for supporting health; and providing within my capability specific information, helps, remedies, treatments, supplies or other items requested by members to support their health. I make no guarantees but I will perform the testing to the best of my ability.

Dr. Raphael d'Angelo
