

Dear ParaWellness Research Customers,

This letter is to advise you that there will be a price increase of testing that will go into effect on January 1, 2022. This has become necessary due to quickly increasing costs of almost every aspect of providing this parasite testing service. I have been committed to providing you with the best possible service at an affordable price and I have absorbed price increases over the past ten years. Here is what to take note of:

All orders made by phone or on parawellnessresearch.com website paid for before January 1, 2022 will be honored with the current price, so I encourage you to order soon to take advantage of this.

**Here is the new price list as of January 1, 2022:**

**Initial Parasite Test: \$326**

**Retest for Parasites: \$220**

**Membership Agreement one-time fee: \$10 (remains unchanged)**

**Examination of separate specimens submitted by a member (limit 2): \$50**

I greatly appreciate the opportunity to continue to serve you during this time of change.

If you have any questions or concerns about the price change, please do not hesitate to reach out.
